DETAILED ACTION

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. James D Ivey on 13 January 2006.

The application has been amended as follows:

Claims 3, 14, and 25 are canceled.

In claim 4, line 1, replace "3" with – 1 –

In claim 15, line 1, replace "14" with – 12 –

In claim 26, line, replace "25" with -- 23--

Replace claim 1 as follows:

1. (Currently Amended) A method for facilitating access to previously stored information on a computer network by a user of a mobile device, the method comprising:

receiving data representing the information from a data provider through a base system interface;

storing a data object representing the data in a database;

associating the data object with the user within the database;

associating the data object with a selected one of two or more data object types wherein the selected data object type specifies the type of the data object;

parsing the data into one or more portions, each of which corresponds to the one or more data attributes defined for the selected data object type;

receiving a request from the user for retrieval of the data through a mobile system interface; and

sending the data to the user through the mobile system interface in accordance with one or more data attributes defined for the selected data object type;

wherein the request is a numerical identifier of the data object entered by the user through a mobile device coupled to the mobile system interface; and

wherein storing the data object includes storing the one or more portions organized according to the data attributes defined for the selected data object type.

In claim 12, line 11, insert -- parsing the data into one or more portions, each of which corresponds to the one or more data attributes defined for the selected data object type; --

In claim 12, line 16, replace "." with --; and –

In claim 12, line 17, insert -- wherein storing the data object includes storing the one or more portions organized according to the data attributes defined for the selected data object type. –

In claim 23, line 13, insert -- parsing the data into one or more portions, each of which corresponds to the one or more data attributes defined for the selected data object type; --

In claim 23, line 19, replace "." with --; and –

In claim 23, line 20, insert -- wherein storing the data object includes storing the one or more portions organized according to the data attributes defined for the selected data object type. –
